CHAIRMANSHIP 2014 | 2015

EUREKA Innovation Event

Wednesday November 19th, 2014 | Switzerland

EUREKA Innovation Award

A selection of successful EUREKA projects will be presented during the wrap-up of the day's events. The winner of the EUREKA Innovation Award will be selected from among the projects.

Minds¹⁰⁰

The first day finishes with a social gathering or, by invitation, with an exclusive meeting of 100 leading figures from industry, science, design, innovation and policy at Minds¹⁰⁰.

Projects & Ideas

Exchange your project ideas and find partners to realise new products and services for the market. There will be over 300 participants to choose from and you will have the possibility to meet them personally in the matchmaking session.

Public Funding Opportunity

During and after the event EUREKA will use all its specialised instruments to assist you and your international partners to obtain public funding to conduct the necessary research and development:

- Clusters are specialized on ICT
- Eurostars is specialized on Medical- and Bio-Technologies
- Umbrellas are specialized on Industrial Technologies
- National Project Coordinators provide specific information about their country.

EUREKA Innovation Event

Wednesday, November 19th, 2014 – Congress Center Basel, Switzerland

Innovative companies from Europe, South Korea, Canada and South Africa are invited to network at the EUREKA Innovation Event 2014 in Basel.

Be inspired by keynote speakers from leading European companies in three parallel sessions on:

Information and Communication Technologies

Medical- and Bio- Technologies

Industrial Technologies

Swiss Innovation Forum

Thursday, November 20th, 2014 – Congress Center Basel

In conjunction with the EUREKA innovation event you will have the possibility to visit the leading platform for innovation, creativity and design in Switzerland, the Swiss Innovation Forum. Inspiring impulses come from keynote speeches, best case sessions, Future Expo and more. Get ready to be surprised!

EUREKA

EUREKA is more than an organisation, its ambition is to become the leading platform for R&D-performing entrepreneurs in Europe and beyond. EUREKA R&D is industry-led, applied, close-to-market — with tangible results and visible benefits.

Founded in 1985, EUREKA today unites 40 European member countries, 3 associated countries and also counts the European Union as a member.

Swiss EUREKA Chairmanship 2014/2015

Switzerland is a founding member of EUREKA and held the chairmanship in 1994 /1995. Now 20 years on, it will hold it for a second time. The EUREKA Innovation Event 2014 is one of the priorities of the Swiss Chairmanship. It will provide companies, and SMEs in particular, with effective support for their innovation activities and international collaboration and help to strengthen their competitiveness.
