

INVITATION – SEPTEMBER 26

DIGIMEET 2019

How relevant is digitalisation of the manufacturing industry from a global perspective?

How does Sweden retain its global position today and prepare for future competitive growth?

In a market that changes faster than ever and where traditional methods, experiences and knowledge struggle to keep up, digitalisation is the most important tool for continued market relevance.

Join us to discuss the approaches for the future!

Where : Scenkonst Sörmland • John Engellaus Gata 3 • Eskilstuna

When : September 26 at 08.30

Moderator for DIGIMEET 2019 is **Cecilia Warrol**, Project Manager at The Association of Swedish Engineering Industries and Programme Manager for Produktion2030, one of Vinnova's strategic innovation programmes.

Agenda :

- **Emilie Anér** Departmental Secretary • Ministry of Enterprise and Innovation
- **Lena Stridsman** Digital Lead • ABB Sweden
- Digitalised manufacturing - an example from a manufacturing SME
- Presentation **DIA - European Digital Industry Alliance**
- Examples of ongoing digitalisation projects with manufacturing companies

GRAND OPENING

MÄLARDALEN INDUSTRIAL TECHNOLOGY CENTER

MITC is taking the next step after 8 years of successful industry-academia collaboration by opening its technology center. The center will drive collaboration, innovation and the testing of new industrial technologies.

Working closely together with some of the region's leading manufacturing companies and Mälardalen University, MITC will now become an even stronger catalyst for industrial renewal and change. By focusing on the user the technology center will research, develop, integrate and implement the smart technological applications of the future.

When : September 26 • 15.00 - 17.00 with dinner afterwards
Welcome drink and dinner starts at 18.00

Where : Verkstadsgatan 7 • Eskilstuna

**Welcome to the grand opening
of our technology center!**
